Dear Parents/Carers

Update following consultation to join Changing Lives in Collaboration Multi Academy Trust

This letter is to inform you that, following consultation with staff, parents and members of our community, the Governing Board have decided that Dane Bank should become part of Changing Lives in Collaboration Multi Academy Trust [CLiC]. Governors considered all responses and questions raised during the period of consultation and unanimously agreed that joining CLiC is the best way to secure the future for our school. Governors are keen to further develop strong links with the Multi Academy Trust, the schools and their communities.

The next step is for Dane Bank to complete all the necessary legal work which is required for the conversion process. We are hoping that conversion to academy status will take place during the Summer Term 2019.

Should you require any further information, please refer to the school website or contact Mrs Todhunter.

Yours sincerely,

Mrs Todhunter
Headteacher

Michael Owen
Chair of Governors
