

## Maths

- Go to [Corbett Maths](#) they have a range of questions for years 3-6 increasing in difficulty.
- Play some of the games on [Maths on Toast](#), there is a wide range of possible games to play.
- Continue logging on to Times Table Rock Stars and practicing.
- Log on to “[White Rose Maths](#)” there are 5 videos that would have linked into our learning in school (Summer 1 WK 6). You can then go to [BBC Bitesize](#) to practice these skills.

## Science

When we exercise, our heart beats faster and as a result our pulse increases. However, different activities can change our pulses by different amounts. Can you choose 5 different sporting activities you can safely do at home or on your daily walks? After doing the exercise for 1 minute can you take your pulse and compare the differences between your activities? Which increased your pulse by the most? Why do you think that is?

## Year 5

### Home Learning Project Week Beginning: 25.05.20 Theme: **Sport**

## Computing

Choose a sport of your choice and then research famous people that have played that sport. Choose someone that you aren't familiar with (maybe someone who played that sport before you were born!) Can you create a fact file about them and then think of some questions you would ask them if you were interviewing them?

## History

One of the most well known sporting events in the world is the Olympics. These started in Ancient Greece and then started again in 1896. Can you do some research about the Olympics. For example why is the logo for the Olympics 5 rings? What interesting information can you find out? Start [here](#).

## English

- Use your Year 5/6 spelling list and choose 12 words – have a go at writing them without looking. Check. See if you can practise the ones you got it wrong and re-test later that day. Use [Spelling Frame](#) online to help.
- Have a look at the free library of eBooks on the [Oxford Owl](#) website. Have a read and answer some of the questions at the end. (Your parent may need to register – it's free)
- Can you write a set of instructions for a sport that you are familiar with? Or, you can even create your own sport and write the instructions. Look here for a good example of [Quidditch!](#)

## Art

There are a lot of iconic sporting photographs such as Bolt's celebration after winning Gold or the 1966 England world cup team lifting the trophy. There are some examples on the next slide, can you recreate any of these celebrations and take photos? Can you try different filters etc to show the age of the photos?

## PSHE

We did work with teachers from DCC earlier this year about healthy eating. Athletes often have to eat a LOT more calories than most people because of the amount of exercise that they do to burn the calories off. Could you find out about some of the meals that athletes regularly eat and put together a food diary for what an athlete should eat for a week?
