Date Board Approved: 17/12/2020	Date shared with LGB:	Date Shared with Unions: 20/07/20
Date shared with all staff: 11/01/2021	Method of sharing updates with staff: email, online meetings, paper copies or instructions as appropriate	

This risk assessment is heavily based on the Manchester City Council's Model. Nothing has been removed from the Manchester Model and any items added to this document in following versions are highlighted in yellow.

This then forms the basis of the Risk Assessment for all CLIC Schools. Some '*actions taken*' by individual schools can be added but these additions could be useful to other schools and must therefore be shared and highlighted in yellow. Some '*actions taken*' will not be relevant to some schools and this text will not be deleted but ~~struck through~~ so that they are visible should they become relevant at a later stage.

This is a live document and needs to be under constant review, therefore in the first instance the Trust will convene a full review at the end of each week in which provision has substantially altered. All working Risk Assessments will be retained with version controls.

Staying COVID Secure – Our Commitment

- ✓ We recognise the risk posed by Coronavirus (COVID-19) to our staff, pupils and their families. Control measures to minimise the risk of infection and the transmission of the virus are provided in this Risk Assessment.
- ✓ We will ensure, as far as is reasonably practicable, the Health, Safety and Wellbeing of our staff and pupils.
- ✓ We will share this Risk Assessment and its findings with employees and consult on its contents
- ✓ We will listen to concerns staff have about Risk Assessments and how they work in practice and expect staff to practice Self Responsibility in line with our values.
- ✓ We will continue to comply with all relevant Health and Safety Legislation.

We recognise there is an increased risk nationally and have been monitoring the local data and will continue to do so. This Risk Assessment has been reviewed and amended in light of this increased risk.

DHT/ICT Technician will investigate different remote learning platforms – Teams call with Platform Provisioning Scheme partner 22.09.20.
2.5	Pupil groups should be arranged to enable the school to deliver the full range of curriculum subjects and students to receive specialist teaching. At primary school, schools may be able to implement smaller groups the size of a full class. If that can be achieved, it is recommended. Children are kept in their groups for most of the classroom time but mixing into wider groups is allowed for specialist teaching, wraparound care and transport.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> Maintaining details of all close contacts, with seating plans, knowledge of friendship groups and means of travel, has proven to help schools to complete their own track and trace system and reduces the need for whole year groups to isolate when there is a confirmed case in a year group bubble. <p>Pupils in older primary year groups should continue to maintain 2m from other staff and children where possible.</p>

2.8	<p>Attendance at school is compulsory from 8th March 2021. Schools will encourage parents to send their children to school, particularly those who are vulnerable.</p> <p>If a parent opts to Electively Home Educate their child due to anxieties relating to Covid 19, this does not automatically put children at greater risk of harm. Schools should consider whether a parent's decision to educate at home gives greater cause for concern compared to remaining in school.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> If school feels there is additional cause for concern, they should follow their safeguarding policy and refer this to the Designated Safeguarding Lead (DSL) who will then consider making a referral to the local authority in line with existing procedures. 3.3	Develop, share and display drop off/ collection protocols e.g. one-way system and one parent/carer only to drop off/ collect child. (Ensure children are dropped off at school gates rather than coming into school playground, older KS2 children are encouraged to walk to school by themselves).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> Develop a drop off/collection protocol Each year group will have a designated entrance Each year group will be advised of protocol prior to the start of school and again as they are admitted All gates labelled and sign posted.

					<ul style="list-style-type: none"> • Staff will be positioned on gates • Each year group will be reminded of protocol on return
3.4	Restrictions on access to school/setting by third parties (parents, members of the public, visitors etc). Appointments for school visits, reduced numbers in school reception area (one in/ one out) etc.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Notify all parents that they must not enter the school – reopening letter • Any enquiries to the office must be emailed or phoned. • Contractors kept to a bare minimum • Where Parents are invited into school for specific reasons, physical distancing measures will be in place. Timing of this will be outside drop off/collection times • Any school visits should continue to be limited where possible. • Although this does not include specialist therapists and, teachers. Schools should ensure that appropriate support is made available for pupils with SEND, for example by deploying of staff and enabling specialist from both within and outside the school to work with pupils in different classes or year groups.
3.5	Stagger drop off and finish times, lunch and break times for each cohort/group where possible. If not possible for each year group, consider; for Primary EYFS & KS1/ KS2 This could include condensing / staggering free periods or break time but retaining the same amount of teaching time, or keeping the length of the day the same but starting and finishing later to avoid rush hour.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • See September School Organisation Guidance (Appendix 2) • Where appropriate in large sites stagger rotas for all year groups smaller schools to lengthening drop off time and admitting family groups at one time to reduce concentration of parents/carers on site. • See timetable for playtime and lunchtime breaks (Appendix 2) SWP in place

Travel to and from School (including Public Transport and School Buses)					
3.6	All staff/ pupils should be advised to walk/ cycle to school and avoid wider public transport where possible. (School buses are not classed as wider public transport- see below).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> Older pupils encouraged to walk to school or cycle. E.g. if likely to be in close contact with people outside of their group. 	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	N/A
3.8	Assurance should be sought from school bus providers of additional cleaning regimes and that a COVID secure risk assessment has been completed.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	N/A
3.9	Close liaison is in place for statutory 'Home to School Transport' with the Local Authority, school and private providers. Assurance should be sought that additional cleaning regimes are in place and a COVID secure risk assessment has been completed.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	N/A
3.10	Parent survey to be completed to confirm mode of transport used by pupils, route to school and any potential alternatives. Where there is heavy use of 'wider public transport' on specific routes, consideration should be given, in conjunction with TfGM and the Local Authority to the commissioning of school buses. E.g. a large proportion of pupils attend a school in North Manchester but live in East Manchester and currently use public transport.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>Safer travel guidance circulated to all families</p> <p>Monitor impact of travel on public transport at the end of the first week, particularly to measure impact on attendance.</p>

3.12	There should be a process in place for removing face coverings when pupils and staff who use them arrive at school: Pupils/staff instructed not to touch the front of their face covering during use or when removing them, wash hands immediately on arrival, dispose of temporary face coverings in a covered bin or, place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before going to their classroom.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> Face masks to be taken off and put away into a plastic bag or disposed of in a lidded bin. Physical / Social Distancing in the Building					
Ref	Control Measure	Yes	No	N/A	Actions Taken Details / Further Information
3.13	Classrooms are organised maintaining space between pupils/ children/ adults where possible: small adaptations are made to the classroom to support distancing. Including seating pupils side by side and facing forwards, rather than face to face or side on.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Desks spaced appropriately in classrooms • Space around desks allowing for movement of pupils and staff • Fire exits and safe egress considered • Children consistently using the same individual desk from Years 1 to 6 • EY will be social distancing within the Early Years model.
3.14	Reduced movement around school- - Timetabling ensures that classes are kept apart and movement around the school is kept to a minimum. Consideration has been given to the avoidance of creating busy corridors, entrances and exits. Staggered start and finish times, break and lunch times have been considered, together with ensuring appropriate time for cleaning surfaces and equipment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Communal spaces to have no more than one class at a time with the exception of dining halls or other large spaces. Different areas of these larger spaces are identified for each class with clear routes in and out of the room. • Where appropriate, communal spaces will be sanitised following use • Hygiene procedures in place for children having used equipment in communal spaces • Reduced numbers in the dining room at any one time, tables sanitised between use • Wrap around care see separate risk assessments
3.15	Older pupils are regularly reminded of the need to socially distance. E.g. Posters are located throughout school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Regular reminders for children to socially distance • Posters around classrooms and corridors/ general spaces
3.16	Communal gatherings of more than one class group should be avoided. E.g. Collective worship, if applicable, should be contained to one bubble/ year group. Dining Hall should be kept to one class. If not possible for each year group, consider; for Primary EYFS & KS1/ KS2 Determine if pupils will be having a school meal, if pupils bring a 'packed lunch' this should be eaten in their classroom/ zone reducing numbers in the dining hall.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Communal spaces to have no more than one class at a time with the exception of dining halls or other large spaces. 					<p>Consideration for Before/ After School Club; (FAO Kid's Club)</p> <ul style="list-style-type: none"> • Children should as far as possible be kept in a group with children from their bubble. • If this is not possible there should be small consistent groups. • Each bubble/ group should have their own equipment and there should be regular handwashing. • Records should be retained of children within each group. • Children/ numbers should be known prior to each session so planning /organising can be completed by club staff.
3.17	<p>Due to the increased risk of infection in music lessons (singing, playing wind or brass instruments), these lessons should be outside wherever possible, in groups of no more than 15, instruments should not be shared and pupils should stand back to back or side by side.</p> <p>Singing, playing wind and brass instruments is no longer limited to groups of 15 in class (the limit still applies in extra-curricular activity). There is still a risk of cumulative build-up of aerosols so the need for ventilation is heightened.</p> <p>Music Mark have completed detailed guidance regarding singing and music lessons- please see link here; https://www.musicmark.org.uk/wp-content/uploads/Literature-Review-August-2020.pdf</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • Follow guidance issued by OneEd Music Service • New guidance around singing in music lessons followed • Music peripatetic lessons to be in class groups in the hall • Playing wind or brass instruments, provision back to back or side to side • Lessons should be conducted in a well-ventilated space or outside • All shared musical instruments to be cleaned immediately after use <p>See separate Risk Assessments.</p>

3.19	<p>Pupils should be kept in consistent groups for PE. Outdoor sports should be prioritised and large indoor spaces should be used where it is not.</p> <p>Outdoor sports should continue to be prioritised wherever possible.</p> <p>Considerations for indoor PE:</p> <p>- Ensure indoor PE session takes place in a large well-ventilated space. Windows and doors should be open (where it is safe and appropriate to do so).</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<ul style="list-style-type: none"> • PE to be held outdoors wherever possible. • In bad weather the large indoor spaces to be used with the greatest distancing possible • Where appropriate children will be instructed to come to school in PE kits • Maintain hygiene routines • Swimming to go ahead with fully risk assessed transport– see separate risk assessments

	<p>- Consider PE activities that use limited equipment, such as dance, yoga, circuits.</p> <p>- If equipment is used, try to keep this to a minimum and pupils are given their own equipment and use only this during the lesson.</p> <p>- Equipment should be cleaned thoroughly before and after use (or left in quarantine for 48 hrs (72 hrs if plastic) before another bubble uses.</p> <p>The Association for Physical Education have completed detailed PE guidance- please see link here: https://www.afpe.org.uk/coronavirus-guidance-support</p>				
3.20	<p>Stagger the use and limit the occupancy of staff room and offices by employees and ensure staff maintain social distancing of 2m. If not possible 1m plus additional controls.</p> <p>Feb 2021 Update <u>CRITICALLY IMPORTANT</u> SOCIAL DISTANCING SHOULD STILL BE FOLLOWED REGARDLESS OF WHETHER STAFF HAVE BEEN VACCINATED UNTIL FURTHER DATA ON VACCINATION EFFECTS ARE AVAILABLE.</p> <p>It is vitally important that measures to ensure social distancing between staff are robust and monitored to ensure adhered to:</p> <p>- Ensure maximum occupancy of each room is calculated based on social distancing requirements of 2m, mark out the available spaces in staff room/ PPA room and remove any unnecessary tables/ chairs.</p> <p>- Consider moving one member of office staff to a different location to ensure office work stations 2m apart and to ensure business continuity if there is a confirmed case within Admin staff. If this is not possible due to lack of available space, work stations should be adapted with screens.</p> <p>- Ensure contact with Admin staff is limited. Safe Physical distancing:

- ➡ Be a role model of safe working practices
- ➡ Communicate – let others know when you do not feel comfortable with safe distancing
- ➡ Listen to others about how they feel with sensitivity and without taking offence
- ➡ Stop and think about whether conversations can be hand over Teams, email or other non-face to face methods
- ➡ Be aware of others who want to use the space you are in
- ➡ Plan ahead to reduce the time you spend in communal areas, for example accumulate a number of photocopying tasks for one trip
- ➡ Avoid walking down corridors in groups of any kind
- ➡ Don't hold doors open for people
- ➡ Be proactive, if things concern you, raise them with Heads

Each school has developed their own safe working practices specific to their setting

School Organisation Guidance

In line with the Department for Education’s instruction, it is our plan that all pupils, in all year groups, will return to school full-time from the beginning of the autumn term – Thursday 3rd September 2020 (1st/ 2nd Sept/Staff INSET).

Our planning is underpinned by the Department for Education’s advice on effective infection protection and control. These are an adapted form of the system of protective measures that will be familiar from the summer term.

Essential measures include

- a requirement that people who are ill stay at home
- robust hand and respiratory hygiene
- enhanced cleaning arrangements
- active engagement with NHS Test and Trace
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable

How contacts are reduced will depend on the school’s circumstances and will (as much as possible) include:

- grouping children together
- avoiding contact between groups
- arranging classrooms with forward facing desks
- staff maintaining distance from pupils and other staff as much as possible

Within the government guidance, the systems of control that schools should adopt are clearly listed. They are grouped into ‘prevention’ and ‘response to any infection’ and are outlined in more detail in the sections below.

System of controls

Prevention:

1. minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, **do not attend school**
2. clean hands thoroughly and more often than usual
3. ensure good respiratory hygiene by promoting the ‘catch it, bin it, kill it’ approach
4. introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach
5. minimise contact between individuals and maintain social distancing wherever possible
6. where necessary, wear appropriate personal protective equipment (PPE)

Numbers 1 to 4 must be in place in all schools, all the time.

Number 5 must be properly considered and schools must put in place measures that suit their particular circumstances.

Number 6 applies in specific circumstances.

Response to any infection:

7. Engage with the NHS Test and Trace process
8. Manage confirmed cases of coronavirus (COVID-19) amongst the school community
9. Contain any outbreak by following local health protection team advice
10. Numbers 7 to 9 must be followed in every case where they are relevant.

Numbers 7-9 above may require school to share pupil/parent contact information with public health officials. This sharing of information is permissible under current law and is in line with data protection guidance covering schools.

Seating plans

EYFS classes to reflect an early years environment. Y1 – Y6, tables and chairs have been set up in rows so that no pupils are facing each other. Individual class teachers have reviewed where pupils will sit. Pupils who may require more additional support may be seated nearer to the front. Each pupil will have their own set of resources in an individual tray/pencil case/pot on their desk space, to limit movement around the class.

Children will line up when coming into class in at break times, in the order of back row to front row to ease movement into classrooms and avoid children having to pass each other once seated.

Where staff need to work with individual children or small groups of children from more than one class, care will be taken to maintain distancing.

Specialist intervention

The school has made plans for specialist staff providing 1:1 or small group support (e.g. as part of an EHCP) as follows:

- Staff wash hands before and after working with a pupil
- Staff to wear a visor if in close proximity
- A space is identified for the intervention to take place, and set up with two separate desks placed a suitable distance apart
- Child takes their own resources (pencil, pen etc.)
- Staff go to the child's classroom, standing at the entrance to collect the pupil (not entering the classroom)
- The child follows the staff member (at a distance) to the identified area and returns to class following the intervention in the same way
- The intervention is provided at a distance
- After the child has returned to class, the member of staff cleans the desk area and washes any equipment that needs to be used by another pupil

Staff providing interventions to work across as fewer classes as possible, to reduce potential contacts. Staff will wash their hands and sanitize the space between each group. Groups will remain consistent throughout the autumn 1 initially (this will then be reviewed based on need).

Measures elsewhere

Assemblies will be limited to class assemblies or carried out on on-line learning platforms. Children will be required to distance during these assemblies rather than lining in tight rows. Children are not to sing during assembly.

Use of the staff room should be minimal. The staff room will remain open to adults; however strict social distancing must be in place. It is important for your own wellbeing that you see colleagues and we encourage this, but please do not contravene social distancing measures otherwise multiple groups could be at risk of infection should anyone present with symptoms. Signage indicates which seats may/may not be used.

Planning, Preparation and Assessment time

Will continue as normal – **PPA cover staff to be extra vigilant with distancing and hygiene protocols as they are working across multiple bubbles.**

During PPA time, staff should maintain distancing as far as possible.

Beginning and end of the day

A one-way system will be in operation around the site. This will be clearly marked for parents to follow and staff will be on hand to direct and support.

Playgrounds

The nursery/reception outdoor provision will be a shared space as EYFS are a bubble together.

Beginning and end of the day

Staggering entrance/collection will ensure that the adults and children on site can distance appropriately.

Parents are to be encouraged to walk to school where possible and only one parent will be permitted on the school grounds. The Government's safer travelling document is available on the school website.

Communication

Teachers will not be available to speak to parents before or after school. If there is a matter that needs to be discussed, the teacher will contact the parent to make an appointment at a mutually convenient time. Teachers must commit their time to ensuring that all children safely leave their care. Parents can contact teachers via the school office if they have queries about the day or they can call to make a phone appointment.

The school office is not to be accessed by parents unless through prior arrangement via a call or email. The office will not be open for parents to drop-in to. The DfE guidance states that coming into the site without an appointment is not allowed. However, parents can obviously still call and receive support over the phone or via email.

Guidance for first aiders

Try to assist at a safe distance from the casualty as much as you can and minimise the time you share a breathing zone.

If they are capable, tell them to do things for you, but treating the casualty properly should be your first concern. Remember the 3P model – preserve life, prevent worsening, promote recovery.

Preserve life: CPR

- Call 999 immediately – tell the call handler if the patient has any COVID-19 symptoms
- Ask for help. If a portable defibrillator is available, ask for it
- Before starting CPR, to minimise transmission risk, use a cloth or towel to cover the patient's mouth and nose, while still permitting breathing to restart following successful resuscitation
- If available, use:
 - a fluid-repellent surgical mask
 - disposable gloves
 - eye protection
 - apron or other suitable covering
- Only deliver CPR by chest compressions and use a defibrillator (if available) – **don't** do rescue breaths

Prevent worsening, promote recovery: all other injuries or illnesses

- If you suspect a serious illness or injury, call 999 immediately – tell the call handler if the patient has any COVID-19 symptoms
- If giving first aid to someone, you should use the recommended equipment listed above if it is available
- You should minimise the time you share a breathing zone with the casualty and direct them to do things for you where possible

After delivering any first aid

- Ensure you safely discard disposable items and clean reusable ones thoroughly
- Wash your hands thoroughly with soap and water or an alcohol-based hand sanitiser as soon as possible
