Friday 24th September 2021

Another busy week in school draws to a close! The children have been very working hard this week and when I have visited classrooms during lesson times, I have been so proud to see how dedicated they all are to their learning. I have seen many children trying so hard to improve their handwriting and have been very impressed by what they have shown me! Our teachers came together for Macmillan Coffee Morning and shared some sweet treats in the staffroom. Thanks to their donations, we managed to raise just over £50 for Macmillan which is amazing! Have a lovely weekend everyone, Mrs Lennon ☺

Space Themed Lunch Day

On Thursday 7th October we are having a 'Space Day' themed lunch in celebration of Space Week! Please see the menu below where all the food is 'space-themed' - see below! We will have a competition on the day - 'Who has the lucky plate?!' for a chance for 1 lucky child in KS2 to win a £5 Amazon gift card prize! If your child would like to take part, make sure you have a School Grid account and sign them up for the day!

KS1 Playground

You may have seen on the Key Stage 1 playground, our new climbing frame is in the process of being built. Following delays due to materials shortages, our climbing frame has finally been started. We are hoping this provides something nice for our younger children to make use of at break times. We are always looking for ways to improve our outdoor facilities so welcome any feedback.

School Development Priorities

I would like to share with you our current school development priorities for this year. These are the areas we are working hard on to further improve:

- Developing the whole-school curriculum
- Improving our Computing provision
- Developing our practice around the teaching of Reading
- Improving provision and outcomes for vulnerable pupils.
